Dear Parents and Carers

Many of you will be aware that a child at Cropwell Bishop Primary has had a confirmed case of COVID-19.

This information was passed to school this morning and subsequently we informed the families of the children who may have had some brief contact.

The child in question had not displayed any symptoms, neither had their family members. They had been asked to take a test as part of a survey linked to the C-19 symptom study app.

We are aware that many of you will have several questions and the following will allow you to have a fuller understanding of the situation;

- The child in question attended in one of the Year 5 transition groups yesterday, was outside for the whole hour and did not enter the school building. They have not been at school on any other occasion.
- Our hygiene and virus control procedures have been followed at all times.
- In line with our agreed procedure, we consulted with Public Health England this morning who confirmed we should take the following actions and share these with parents and carers:
 1. Children in the group outside should self-isolate for 14 days.
 2. A smaller number of children who attended Indigo bubble on Wednesday 14th July should self-isolate for 14 days
 3. Other pupils and staff can come to school as normal as they did not have contact with the infected person.

You may find the links below helpful,

[Stay at home advice](#)

[How to apply for a test](#)

[Self isolation and treating coronavirus symptoms](#)

[How long will I need to self isolate](#)

We do appreciate that parents will be very concerned about these events but please remember that all procedures have been followed carefully to minimise risk. The safety of staff and pupils is of paramount importance to us.

I know that you will join with us in sending our best wishes and speedy recovery to the family involved.

Please do contact school if you have any further questions.

Kind regards

Louisa Hussey
Head teacher
