

This is Zobs with his sister Joz. Zobs body is bright red but his sisters body is slimy green in colour. Jozs body also has yellow, round spots dotted on it. Zobs arms are blue but Jozs arms are green.

If you look closely, you'll notice that Zobs face looks very surprised. That's because he has a big, round mouth. Zobs has one big eye in the middle of his face. Jozs face is the same but she has a slightly different mouth.

Zobs favourite place is the moon because he likes to cause lots of mischief for the astronauts. He likes to climb in Bobs rocket and fly to Earth with him.
